Poster listing - To be presented on: Wednesday, November 16, 2016 12:30-14:00
Enhancing health system resilience: absorbing shocks and sustaining gains in every setting
Engaging power and politics in promoting health and public value

Theme: Enhancing health system resilience: absorbing shocks and sustaining gains in every setting
Field-building dimension: cutting-edge research

Seye Abimbola, University of Sydney School of Public Health, Abstract ID: 2004, Poster #:EH-ce1
Information, regulation and coordination: Realist analysis of efforts of community health committees to limit informal health care providers in Nigeria

Gourab Adhikary, International Centre for Diarrhoeal Disease Research, Bangladesh (icddr,b), Abstract ID: 2238, Poster #:EH-ce2
Readiness of healthcare facilities for ensuring equitable childhood immunization services in Bangladesh

Essa - Hanam Atake, University of Lome, Abstract ID: 1294, Poster #:EH-ce3
Sustaining gains in health programs: technical efficiency and its determinants in malaria programs in Sub-Saharan Africa

Richard Ayiasi, Makerere University, School of Public Health, Abstract ID: 1920, Poster #:EH-ce4
Adapting official deployment policies for staffing rural areas to build resilient health systems during conflict: lessons from northern Uganda

Monita Baba Djara, Management Sciences for Health, Abstract ID: 438, Poster #:EH-ce5
Using feasibility study data for the design of the community-owned, led, and funded Ukana West Ward II Community Based Health Insurance (CBHI) model in Nigeria

Julie Balen, The University of Sheffield, Abstract ID: 1727, Poster #:EH-ce6
Pandemic preparedness, disease surveillance and health systems in West Africa: the case of The Gambia

Maria Paola Bertone, ReBUILD consortium & Dept of Global Health and Development, London School of Hygiene and Tropical Medicine, Abstract ID: 1689, Poster #:EH-ce7
What do health workers do, and why? A preliminary study of the activities performed by primary healthcare workers in Sierra Leone

Nathan Blanchet, Results for Development Institute, Abstract ID: 1330, Poster #:EH-ce8
Sustainable HIV financing: is integration into national health insurance the right next step?

Franck Boembii, Ministère de la Santé Publique/Division provinciale de la Santé de l'Equateur, Abstract ID: 288, Poster #:EH-ce9
Analyse de mécanismes de pérennisation de projets de santé en République Démocratique du Congo. Cas de projet PARSS à Kinshasa

Yotamu Chirwa, Biomedical Research &Training Institute, Abstract ID: 1090, Poster #:EH-ce10
Fostering development of sustainable incentive policies for a resilient health workforce: Lessons from post crisis Zimbabwe.

David Collins, Management Sciences for Health, Abstract ID: 1516, Poster #:EH-ce11
Calculating the resources needed for the comprehensive community health service package in Sierra Leone using a new costing tool

Valorie Crooks, Simon Fraser University, Abstract ID: 3291, Poster #:EH-ce12
Do people in patients’ home countries care about the health equity impacts of medical tourism on health systems abroad? An examination of Canadian stakeholder perspectives

Joseph Edem-Hotah, College of Medicine and Allied Health Sciences, University of Sierra Leone, Abstract ID: 3054, Poster #:EH-ce13
Difficult Choices in Health Care Decision in Pre-During-Post conflict Country: A Case in Sierra Leone Using Life History

Ferry Efendi, Institute of Allied Health Sciences, College of Medicine, National Cheng Kung University, Taiwan, Abstract ID: 821, Poster #:EH-ce14
‘Back to Zero’: Views of Indonesian Nurse Returnees in Their Home Country

Surekha Garimella, Public Health Foundation of India, Abstract ID: 2743, Poster #:EH-ce15
Posting and Transfer practices at the frontline and their unintended contribution to Health System Responsiveness and Resilience

Xiaoning Hao, China National Health Development Research Center, National Health and Family Planning Commission of P.R.C., Abstract ID: 2344, Poster #:EH-ce16
Model Study of County Clinicians’ Diagnosis and Treatment Behaviors – Based on the Theory of Planned Behavior

M Tasdik Hasan, International Center for Diarrheal Disease Research, Bangladesh (icddr,b), Abstract ID: 2353, Poster #:EH-ce17
Exploration of Psycho-social Institutional Initiatives in reducing Post Disaster Mental Health and Post Traumatic Stress Disorders (PTSD) in a Cyclone Affected Area of Coastal Bangladesh
The cost of achieving the Global Nutrition Target for Exclusive Breastfeeding

Yuri Sivaja, Indian Institute of Technology, Madras (IITM), Abstract ID: 1712, Poster #:EH-ce36

Health worker experiences of and system resilience in Zimbabwe

Understanding factors that can promote resilience during and after economic crises: how to retain and motivate health workers at rural health facilities in Zimbabwe

First Do No Harm: The Evolving Roles and Responsibilities of International NGOs in Health Systems Strengthening

Esteban Londoño Agudelo, Institute of Tropical Medicine, Antwerp-Belgium, Abstract ID: 565, Poster #:EH-ce28

Hypertension control in Cuba: evidence of a responsive health system

Fred Martineau, London School of Hygiene and Tropical Medicine, Abstract ID: 1742, Poster #:EH-ce29

Processes and Practices of Health System Resilience: Local Perspectives of Health System Resilience in Sierra Leone During and After the 2014-15 Ebola Epidemic

Wilson Mashange, Biomedical Research and Training Institute, Abstract ID: 1434, Poster #:EH-ce30

Understanding factors that can promote resilience during and after economic crises: how to retain and motivate health workers at rural health facilities in Zimbabwe

Susannah Mayhew, London School of Hygiene & Tropical Medicine, Abstract ID: 2873, Poster #:EH-ce31

Governance and Adaptation of Inter-Sectoral Health Systems: A research agenda to advance climate-adaptive, resilient health systems

STEPHEN MULUPI, KEMRI Wellcome Trust Research Program, Abstract ID: 1348, Poster #:EH-ce32

The shocks of devolution to health care purchasing arrangements in public hospitals in Kenya: Experiences of hospital managers and county ministry of health decision-makers.

Sivaja Nair, Indian Institute of Technology, Madras (IITM), Abstract ID: 2140, Poster #:EH-ce33

Public Health System in the context of emergent vulnerabilities associated with re-emerging infectious diseases: A case of Kerala, India

Justine Nakakula, Makerere University School of Public Health, Uganda, Abstract ID: 825, Poster #:EH-ce34

Health worker experiences of and movement between public and private not-for-profit sectors in post conflict Northern Uganda: lessons for health system resilience

Patricia Ortiz, Pontificia Universidad Católica del Ecuador, Abstract ID: 1504, Poster #:EH-ce35

Brechas en el proceso de atención y control de la hipertensión en el área urbana de Conocoto, Quito- Ecuador

Dylan Walters, World Bank, Abstract ID: 1712, Poster #:EH-ce36

The cost of achieving the Global Nutrition Target for Exclusive Breastfeeding
Narelle Warren, Monash University, Abstract ID: 2244, Poster #:EH-cc37
Recovery and chronic stroke in Malaysia: Using innovative methods to explore the challenges of aging and NCD management in an acute-focused health system

Sophie Witter, Queen Margaret University, Abstract ID: 1057, Poster #:EH-cc38
Ensuring a resilient and effective health workforce post-conflict: findings from a health worker survey in Timor-Leste

Haja Wurie, Liverpool School of Tropical Medicine, Abstract ID: 1361, Poster #:EH-cc39
Building a resilient health system post Ebola: voices of health workers from Sierra Leone

Guanyang Zou, Centre for Migrant Health Policy, Sun Yat sen University, Guangzhou, China, Abstract ID: 3126, Poster #:EH-cc40
‘Who would want to work in the TB clinic?’ Organisational factors influencing motivation of tuberculosis health workers in two designated hospitals in Zhejiang Province, China

**Theme:** Enhancing health system resilience: absorbing shocks and sustaining gains in every setting

**Field-building dimension:** Innovative practice in health systems development

Samuel Akoriatya, Ghana health service, Abstract ID: 3356, Poster #:EH-ip41
Lessons for building a resilient health system: Dealing with the threat of Ebola Virus Disease outbreak in Ghana

Roger Atinga, University of Ghana Business School and University of Ghana School of Public Health, Abstract ID: 554, Poster #:EH-ip42
A pathway to resilience? Community and Community Health Officers adaptation to health shocks and emergency responsiveness in Ghana’s community-based primary health care

Caroline Chamberland, University of Ottawa, Abstract ID: 2430, Poster #:EH-ip43
Obstacles and Enablers to the Professional Development of Skilled Birth Attendants: a Case Study of the Shoklo Malaria Research Unit on the Thailand-Myanmar Border

Astrid Escrig Pinol, PhD Student, Dalla Lana School of Public Health - University of Toronto; Associate Researcher, Global Migration & Health Initiative, Abstract ID: 2859, Poster #:EH-ip44
Health Systems in the Age of Mass Migration: From Migrant-Sensitive Health Policies and Services to Migrant-Sensitive Governance for Health

Tamar Gotsadze, Curatio International Foundation, Abstract ID: 2927, Poster #:EH-ip45
Progress in reducing health system bottlenecks towards achieving the MDG 4: Evaluation of UNICEF’s contribution in five CEE/CIS countries

Daniel Henao, Universidad Tecnológica de Pereira, Abstract ID: 3037, Poster #:EH-ip46
"Bye-bye Mosquitos": the response of the Embera-Chami community to the Zika and Chik epidemics

Jean Likofata, IntraHealth International/Democratic Republic of Congo, Abstract ID: 1435, Poster #:EH-ip47
Democratic Republic of Congo: Generating Data to Get the Right Health Worker to the Right Place with the Right Skills at the Right Time

Kuassi LOKOSSOU, West African Health Organisation, Abstract ID: 1771, Poster #:EH-ip48
Building a Resilient Health System in Republic of Benin: Enhancing Community Health Care Provision through Quality Improvement Teams (QITs)

Indranil Mukhopadhyay, Public Health Foundation of India, Abstract ID: 3305, Poster #:EH-ip49
Financing universal access to medicines: A low hanging fruit or a catalyst for health system strengthening?

Elaine Scudder, Save the Children, Abstract ID: 2807, Poster #:EH-ip50
Addressing gaps in routine systems and during emergencies: experience of the Newborn Health in Humanitarian Settings: Field Guide

Katie Sears, Palladium, Abstract ID: 788, Poster #:EH-ip51
Toward Universal Health Coverage: Assessing stakeholder perceptions of the feasibility of health insurance in Afghanistan

Boubacar SYLLA, POSSaV (Plateforme des Organisations de la Société civile pour le Soutien à la Santé et la Vaccination, Abstract ID: 1755, Poster #:EH-ip52
Oui à la vaccination malgré Ebola

Amirhossein TAKIAN, Tehran University of Medical Sciences & Ministry of Health and Medical Education, Abstract ID: 1253, Poster #:EH-ip53
Health Transformation Plan: Paving the Way to Universal Health Coverage in Iran

Phillip Wanduru, Makerere University, school of public health, Abstract ID: 537, Poster #:EH-ip54
Performance of Community Health Workers in Community Management of Malaria, Pneumonia and Diarrhea among children Under 5s’ in Northern Uganda
Theme: Enhancing health system resilience: absorbing shocks and sustaining gains in every setting

Field-building dimension: Innovative research approaches and measures

Leonardo Arregocés, London School of Hygiene and Tropical Medicine, Abstract ID: 3071, Poster #: EH-ir55
Tracking Official Development Assistance to Latin-American for maternal, newborn, and child health countries. Will more aid be needed to uphold the progress?

Allet Augustine Assi, Abt Associates, Abstract ID: 3101, Poster #: EH-ir56
Health Coverage Framework Index as a tool for HRH allocation of nurses and midwives as part of task-shifting in Ivory Coast

Sergio Chicumbe, National Institute of Health, Ministry of Health - Mozambique, Abstract ID: 3115, Poster #: EH-ir57
A Snap Shot Assessment of Complex Obstetric Care at Rural Hospitals of Mozambique, 2015

Carmen Christian, University of the Western Cape, Abstract ID: 339, Poster #: EH-ir58
Access to healthcare in post-apartheid South Africa: availability, affordability and acceptability

Okumu Cyrus, Makerere University School of Public Health, Kampa Uganda, Abstract ID: 1526, Poster #: EH-ir59
An exploration of factors that influence health priority setting decisions in Tororo district, Uganda

Christine Fenenga, Amsterdam Institute for Global Health and Development (AIGHD), Amsterdam, The Netherlands, Abstract ID: 48, Poster #: EH-ir60
Social Capital and Active Membership in the Ghana National Health Insurance Scheme - A mixed method study.

George Gotsadze, Curatio International Foundation, Abstract ID: 2985, Poster #: EH-ir61
The road to sustainability: A framework to assess transition preparedness

Ramon Lorenzo Luis Quinto, University of the Philippines Manila, Abstract ID: 3401, Poster #: EH-ir62
Examining subnational health systems in fragile settings: challenges and opportunities in the Autonomous Region of Muslim Mindanao in the Philippines

Alice Hazemba, University of Zambia, School of Medicine, Abstract ID: 54, Poster #: EH-ir63
HIV and infant feeding: an exploratory analysis of experiences with exclusive breastfeeding among HIV-positive mothers in Lusaka, Zambia

Meghan Kumar, Liverpool School of Tropical Medicine, Abstract ID: 1240, Poster #: EH-ir64
Measuring motivation in close-to-community health workers: dynamic, multi-dimensional, and essential for resilience

Kate Mandeville, London School of Hygiene and Tropical Medicine, Abstract ID: 578, Poster #: EH-ir65
The use of specialty training to retain doctors in Malawi: a cost effectiveness analysis

Zubia Mumtaz, University of Alberta, Abstract ID: 1500, Poster #: EH-ir66
Good on paper: the gap between program theory and real-world context in Pakistan's Community Midwife program

Dickson Okello, Health Policy and Systems Division, School of Public Health and Family Medicine, University of Cape, Abstract ID: 1669, Poster #: EH-ir67
The Leadership Trinity: A Framework for Leadership Development in the Health Sector

Janine White, University of the Witwatersrand, Abstract ID: 2566, Poster #: EH-ir68
Mental health of refugees and migrants following exposure to xenophobic violence - a public mental health approach

Cudjoe Bennett, The George Washington University Milken Institute School of Public Health, Abstract ID: 1125, Poster #: EH-LC69
Community Perspectives: Defining the dimensions of health care utilization for HIV/AIDS and diabetes services for residents of the Korogacho slum

Theme: Enhancing health system resilience: absorbing shocks and sustaining gains in every setting

Field-building dimension: Learning communities and knowledge translation

Ivy Bourgeault, University of Ottawa, Abstract ID: 2241, Poster #: EH-LC70
Resilience to the Consequences of Health Worker Migration: Policy Responses in Four 'Source' Countries (Philippines, India, South Africa & Jamaica)

Laura Dean, Liverpool School of Tropical Medicine, Abstract ID: 1724, Poster #: EH-LC71
The Ebola outbreak and the Liberian Health System: country-led agenda setting for health systems research through the case study of Neglected Tropical Diseases

Racha Fadlallah, American University of Beirut, Abstract ID: 1336, Poster #: EH-LC72
Evidence-informed guidance to accelerate progress towards universal health coverage through the implementation of health benefits package at the level of primary health care
Celso Give, University Eduardo Mondlane, Abstract ID: 3439, Poster #: EH-LC73
Barriers and facilitator to referral system in primary health care in Mozambique. Perspectives of communities, supervisors and community health worker in Moamba and Manhiça.

Hueiming Liu, The George Institute for Global Health, Abstract ID: 1181, Poster #: EH-LC74
A qualitative study of how Australian decision makers use economic evidence to inform investment in disease prevention.

Amy Jackson, Karolinska Institutet, Abstract ID: 1711, Poster #: EH-LC75
The consequences of the cessation of donor funding through the district basket financing mechanism: A case study in Zambia

Ramatu Jalloh, FOCUS 1000, Abstract ID: 3395, Poster #: EH-LC76
Translating community action with Ebola to realize gains in immunization coverage.

Manso Koroma, West African Health Organization (WAHO), Abstract ID: 2274, Poster #: EH-LC77
Quality of antenatal care in rural Sierra Leone prior to the ebola outbreak

Sara Nam, Options Consultancy Services Ltd., Abstract ID: 3068, Poster #: EH-LC78
Translating lessons learned from the Ebola outbreak to practice: strengthening trust between communities and health providers for more resilient maternal and newborn health system

Fahad Saleem, School of Pharmaceutical Sciences, Abstract ID: 677, Poster #: EH-LC79
Impact of a pharmacist-led medication therapy management program among type 2 diabetes mellitus patients: A non-clinical randomized control trial

**Theme:** Enhancing health system resilience: absorbing shocks and sustaining gains in every setting

**Field-building dimension:** Novel strategies for developing capacity

Raoul III Berméjo, UNICEF Philippines, Abstract ID: 2587, Poster #: EH-NS80
Towards resilient health systems: lessons from building local capacities in health emergency management and planning in Typhoon Haiyan-affected areas in the Philippines

Shakira Choonara, University of the Witwatersrand, South Africa, Abstract ID: 1040, Poster #: EH-NS81
Building resilient manager leaders in the health system: significance of informal on-the-job learning

Parthasathi Ganguly, Indian Institute of Public Health Gandhinagar, Abstract ID: 2068, Poster #: EH-NS82
Leveraging Stakeholders’ involvement and capacity building to improve city resilience to extreme heatwave - a novel case of influencing policy through simple evidences

Weimei Liu, Chongqing Medical University, Abstract ID: 675, Poster #: EH-NS84
Implementing Universal Health Coverage in Western China: Has Financial Burden of Healthcare Reduced for Rural Residents?

Lanan Musinguzi, Makerere University Kampala, Abstract ID: 2161, Poster #: EH-NS85
Harnessing local resources to strengthening health systems in Uganda: lessons from informal transport providers in Luwero district, Uganda

Alexis Rulisca, Rwanda Biomedical Center (RBC), Abstract ID: 293, Poster #: EH-NS86
The contribution of rice farmers towards malaria elimination: the case of Ruhuha community in Eastern Rwanda

Edvaldo Souza, Instituto de Medicina Integral Prof. Fernando Figueira - IMIP, Abstract ID: 1263, Poster #: EH-NS87
Creating resilience to the microcephaly associated with ZIKA virus epidemic at Recife, Brazil

Jean-Luc Taton, Research Triangle Institute International, Abstract ID: 2656, Poster #: EH-NS88
Continuing the critical fight against malaria in Guinea in the midst of the Ebola epidemic
Theme: Engaging power and politics in promoting health and public value
Field-building dimension: cutting-edge research

Matilda Aberese Ako, Navrongo Health Research Centre, Abstract ID: 3053, Poster #: PP-ce1

‘Even me, sometimes I get sick’: Governance arrangements, challenges and frontline health worker motivation: A case study of two public hospitals in Ghana
