

Note: this list represents only epousters that are being presented onsite on screens during the poster sessions – the full listing of virtual epousters will be available online only.

Epousters to be presented on: Wednesday, November 16, 2016 12:30-14:00

Theme: Engaging power and politics in promoting health and public value

Beverley **Essue**, University of Sydney; McMaster University, Abstract ID: 3148 Day: Wednesday Screen #: 1

Deciphering action amongst the rhetoric: an evaluation of priority-setting for NCD control in Uganda

Thomas **Hone**, Imperial College London, UK, Abstract ID: 254 Day: Wednesday Screen #: 1

Strong Local Governance for Health is Associated with Effective Primary Healthcare and Greater Reductions in Amenable Mortality: Longitudinal Evidence from the Brazilian Family Health Program

Zara **Trafford**, University of Cape Town, Abstract ID: 1049 Day: Wednesday Screen #: 1

Politics and power dynamics in health system reform: exploring the formation of a South African community health worker union

Yassine **Kalboussi**, National Institute of Public Health - Tunisia, Abstract ID: 2337 Day: Wednesday Screen #: 1

Implementation Gaps during The Health Policy Dialogue in Tunisia

Tiara **Marthias**, CHPM, Faculty of Medicine, Universitas Gadjah Mada, Abstract ID: 2669 Day: Wednesday Screen #: 1

Implementation Research to Assess and Improve Indonesia's Universal Health Coverage Program through Partnership with National and Local Policymakers

Li **YANG**, Peking University, Abstract ID: 743 Day: Wednesday Screen #: 1

Financing strategies to promote basic public health service equalization in China

Joseph **Dodoo**, UNICEF, Abstract ID: 3028 Day: Wednesday Screen #: 2

Health Sector Operational Planning & Budget Allocation Processes in Ghana & Ivory Coast

Jessica **Gergen**, ThinkWell, Abstract ID: 2974 Day: Wednesday Screen #: 2

Scaling up performance-based financing in Mozambique: power, politics, and data

Samuel **Lassa**, University of Jos, Abstract ID: 3062 Day: Wednesday Screen #: 2

Knowledge networks and politics of health systems: using systems thinking causal loop models in understanding complex interactions among health workers in the Nigerian health system

Valentina **Viego**, Department of Economics, Universidad Nacional del Sur, Abstract ID: 1570 Day: Wednesday Screen #: 2

Condicionantes socioeconómicos de los factores de riesgo de enfermedades crónicas: un modelo multivariado para hipertensión, hipercolesterolemia y diabetes en Argentina

Arash **Rashidian**, Department of Health Management and Economics, Abstract ID: 929 Day: Wednesday Screen #: 2

'Almost there!' Institutional and organizational practices, policy barriers and opportunities for universal health coverage in Iran

Leticia **SAKANA**, Centre MURAZ, Abstract ID: 910 Day: Wednesday Screen #: 2

Regard des personnes vivant avec le VIH sur la gratuité de soins: contribution à la mise en oeuvre de l'assurance maladie universelle au Burkina Faso

Theme: Enhancing health system resilience: absorbing shocks and sustaining gains in every setting

Stephen **Jan**, The George Institute for Global Health, Abstract ID: 1123 Day: Wednesday Screen #: 3

Catastrophic health expenditure on acute coronary events in Asia: a prospective study

Supriya **Kumar**, Department of Behavioral and Community Health Sciences, University of Pittsburgh, Abstract ID: 847 Day: Wednesday Screen #: 3
An agent-based modeling tool to aid primary care planning in the event of a disaster

Jolly Ann **Maulit**, University of Cape Town, Abstract ID: 2456 Day: Wednesday Screen #: 3
The contribution of non-state faith-based health providers to health systems resilience in Africa

Vincent **Okungu**, Strathmore University, Abstract ID: 803 Day: Wednesday Screen #: 3
The cost of free health care for all Kenyans: Assessing the feasibility of the contributory and non-contributory financing mechanisms, 2013 – 2030

Nika **Raphaely**, South African Medical Research Council, Abstract ID: 1224 Day: Wednesday Screen #: 3
A Health System Dynamics analysis of implementation of PMTCT Option B+ in Uganda

Everlyn **Waweru**, KEMRI-Wellcome Trust Research Programme, CGMRC, Kilifi, Abstract ID: 1820 Day: Wednesday Screen #: 3
The 'shock' of devolution in Kenya: implications on the financing and functioning of peripheral health facilities in Kenya

Syed **Abbas**, Institute of Development Studies, Abstract ID: 2093 Day: Wednesday Screen #: 3
Building resilience through multisector partnerships: Examining the practice of 'One Health' collaborations for zoonoses preparedness and response in India

Damodar **Adhikari**, Health for Life (H4L), RTI International, Abstract ID: 985 Day: Wednesday Screen #: 4
Innovative Strategies to Strengthen Health System Resilience and Equity in Nepal's Fragile State

Victor **Akande**, Government of Nunavut Department of Health, Abstract ID: 3273 Day: Wednesday Screen #: 4
Increasing Citizens Participation and Local Control of Health and Wellness Programming in the Canadian Arctic - Lessons Learned from Nunavut

Donela **Besada**, South African Medical Research Council, Abstract ID: 2313 Day: Wednesday Screen #: 4
Niger's Child Survival Success: Contributing Factors to Health System Resilience and Challenges to Sustainability

Raina **Loxley**, Queen's University, Abstract ID: 2725 Day: Wednesday Screen #: 4
Opportunities for Health System Strengthening during Government Transition in Myanmar: A systematized review

Daniel **McAullay**, Edith Cowan University, Abstract ID: 524 Day: Wednesday Screen #: 4
Improving access to primary health care for Aboriginal babies in Western Australia: A randomized control trial.

beverlyn **Ochieng**, great lakes university of kisumu, Abstract ID: 402 Day: Wednesday Screen #: 4
Perceptions of health stakeholders on task shifting and motivation of community healthworkers in different socio demographic contexts in Kenya (nomadic, peri-urban and rural agrarian)

Nicholas **Oliphant**, UNICEF Headquarters, Abstract ID: 3442 Day: Wednesday Screen #: 4
Putting CHWs on the map: toward a geography of community health workers

Alfonso **Rosales**, World Vision US, Abstract ID: 107 Day: Wednesday Screen #: 5
Role of an international non-governmental organization in strengthening health systems in fragile-state context: Evaluation results from South Sudan.

Anais **Tuepker**, VA Portland Health Care System/Oregon Health & Science University, Abstract ID: 1534 Day: Wednesday Screen #: 5
Citizen Engagement as Intervention and Method: Converging Paths toward Resilience and Relevance in Health Care Systems Redesign

Rajani **Ved**, National Health System Resource Centre, Abstract ID: 2540 Day: Wednesday Screen #: 5
Scaling Up as Resilience: Lessons from India's decade-long Community Health Worker programme

Thomas **Druetz**, Tulane University, Abstract ID: 3190 Day: Wednesday Screen #: 5
Les conséquences néfastes de la réintroduction du paiement direct dans les centres de santé de Kaya, Burkina Faso

Anna **Gage**, Harvard T. H. Chan School of Public Health, Abstract ID: 1162 Day: Wednesday Screen #: 5
Effective primary care in Haiti: post-earthquake gaps and resilience

Mariano **Salazar**, IHCAR, Karolinska Institutet, Stockholm, Sweden, Abstract ID: 916 Day: Wednesday Screen #: 5
Why women bypass health facilities for childbirth in Gujarat state, India? A multilevel study

Sarah **Tougher**, London School of Hygiene and Tropical Medicine, Abstract ID: 2698 Day: Wednesday Screen #: 5
Does subsidising the private for-profit sector benefit the poor? Evidence from the Affordable Medicines Facility – malaria (AMFm) in Nigeria and Uganda

Chris **Burman**, University of Limpopo, Abstract ID: 499 Day: Wednesday Screen #: 5
Introducing the 'Taming Wicked Problems Framework': lessons learnt, future directions

Epousters to be presented on: Thursday, November 17, 2016 12:30-14:00

Theme: Equity, rights, gender and ethics: maintaining responsiveness through values-based health systems

Janice Ying Chui **Lau**, JC School of Public Health and Primary Care, The Chinese University of Hong Kong, Abstract ID: 2515 Day: Thursday Screen #: 1
A Qualitative Study of Informed Decision-making of Non-invasive Prenatal Testing for Down Syndrome among Pregnant Women in Hong Kong: Responsiveness of Health System

Eric **Mafuta**, Kinshasa School of Public Health/University of Kinshasa, Abstract ID: 2172 Day: Thursday Screen #: 1
Capacity of women to voice their concerns about maternal health services in Muanda and Bolenge Health Zones, Democratic Republic of the Congo: a multi-method study

Lia **Palileo-Villanueva**, College of Medicine, University of the Philippines Manila, Abstract ID: 2901 Day: Thursday Screen #: 1
Equity in access to life-saving cardiovascular disease care: Measuring the scale of inequities in hypertension management between the rich and poor in 21 countries worldwide

Pooja **Sripad**, Johns Hopkins Bloomberg School of Public Health, Abstract ID: 382 Day: Thursday Screen #: 1
Trust-building in maternity care through empowerment and communicative action: qualitative exploration amidst Kenya's policy transition

Swati **Srivastava**, Public Health Foundation of India, Abstract ID: 2250 Day: Thursday Screen #: 1
Inequity in chronic illness care in twenty Indian states, 2012

Deborah **Thomas**, Options and IPE Global, Abstract ID: 1459 Day: Thursday Screen #: 1
Health system strengthening to reduce health and nutrition inequities: evidence from Odisha, India

Valentina **Viego**, Universidad Nacional del Sur, Abstract ID: 2657 Day: Thursday Screen #: 1
Assessing equity in the provision of primary health care centers in the Buenos Aires Province: a stochastic frontier approach

Sreytouch **Vong**, RinGs, Abstract ID: 2025 Day: Thursday Screen #: 1
Why aren't women rising to the top? The gendered factors that affect women's professional progression in the Cambodian health sector

Gemma **Williams**, London School of Economics and Political Science, Abstract ID: 2495 Day: Thursday Screen #: 1
A systematic-narrative review of health and well-being among Syrian refugees in the Middle East: a social determinants of health perspective

Gustavo **Gava**, Institute of Economics/University of Campinas, Abstract ID: 1118 Day: Thursday Screen #: 2
Equity and rights in health care: evidence from Colombia

Ndeye **MBOW**, Unité Départementale d'Assurance Maladie de Foundiougne, Abstract ID: 765 Day: Thursday Screen #: 2
De petites mutuelles communautaires à une mutuelle départementale professionnalisée au Sénégal

Devaki **Nambiar**, Public Health Foundation of India, Abstract ID: 2141 Day: Thursday Screen #: 2
Visibilising, Operationalising, De-stigmatising: Practices of Inclusion in Urban Health Care Provisioning across five Indian cities

Émilie **Pigeon-Gagné**, Université du Québec à Montréal, Abstract ID: 2777 Day: Thursday Screen #: 2

An exploratory study assessing psychological distress of the poorest in Burkina Faso: A first step towards understanding mental health needs in West Africa.

Sitaram **Prasai**, Nepal Health Systems Strengthening Programme, Options, Abstract ID: 1464 Day: Thursday Screen #: 2

Integrating gender equality, social inclusion and equity into health systems: Experience and learning from Nepal

Emmanuel **Turinawe**, Cohere Project (Makerere University and University of Amsterdam), Abstract ID: 2075 Day: Thursday Screen #: 2

Towards improved community involvement in the selection of village health teams in Uganda: lessons from the natural helper model of health promotion

Timothy **Abuya**, Population Council, Abstract ID: 1180 Day: Thursday Screen #: 2

Measuring the prevalence of disrespect and abuse along the birthing process: Implications for developing and measuring interventions

Rozenn **BEGUIN BOTOKRO**, CERDI (Centre de Recherches et d'Etudes sur le Développement International), Handicap International, Abstract ID: 1329 Day: Thursday Screen #: 2

Le diagnostic du système économique de la réadaptation fonctionnelle dans les pays à revenu faible et intermédiaire, une étape fondamentale

Karina **Temporelli**, Instituto Investigaciones Económicas y Sociales del Sur, Universidad Nacional del Sur, Abstract ID: 1340 Day: Thursday Screen #: 2

Health and quality nutrition: access costs and difficulties in public policy design in Argentina.

Valerie Gilbert **Ulep**, McMaster University, Abstract ID: 158 Day: Thursday Screen #: 2

Does social health insurance lead to better maternal and child health outcomes among poor and vulnerable women?: A case in the Philippines

Hirotsugu **Aiga**, Japan International Cooperation Agency (JICA), Abstract ID: 262 Day: Thursday Screen #: 3

Doesn't the current definition of catastrophic expenditure represent just the tip of iceberg? Hidden out-of-pocket payments in Vietnam

Eliza **LY Wong**, The Chinese University of Hong Kong, Abstract ID: 3203 Day: Thursday Screen #: 3

Exploring intergenerational relationships and intergenerational programs in Hong Kong: prospects, opportunities, and implications on health policy

Kimberley **McAuley**, The University of Western Australia, Abstract ID: 300 Day: Thursday Screen #: 3

Hospital utilisation in Indigenous and non-Indigenous infants under 12 months of age in Western Australia, prospective population based data linkage study

Shreelata **Rao Seshadri**, Azim Premji University, Abstract ID: 2227 Day: Thursday Screen #: 3

Social Determinants of Childhood Malnutrition – the Loss of Innocence: Evidence from Karnataka, India

Suneeta **Krishnan**, Research Triangle Institute Global India Private Limited, Abstract ID: 3145 Day: Thursday Screen #: 3

Can Primary Health Care Offer a Safe and Effective Entry Point for Responding to Domestic Violence in India?

Theme: Future learning and evaluation approaches for health system development

Jesse **Bump**, Harvard TH Chan School of Public Health, Abstract ID: 978 Day: Thursday Screen #: 4

The Political Economy of Establishing Monitoring & Evaluation Institutions: A comparative analysis of Chile, Colombia, Mexico, South Africa, and Uganda

Vera Lucia **Luiza**, National School of Public Health Sergio Arouca; Oswaldo Cruz Foundation, Abstract ID: 3111 Day: Thursday Screen #: 4

Catastrophic expenditure on medicines in Brazil: results from a household survey

Christie **Akwaowo**, Univeristy of Uyo, Abstract ID: 3051 Day: Thursday Screen #: 4

Challenges to Implementation of Community Based Health Insurance in Ukana West Ward II : Policy Implications for Universal Health Coverage in Nigeria

Ariel **Cortés**, Ministerio de Salud, Abstract ID: 859 Day: Thursday Screen #: 4

EVALUACIÓN DE LA EFICIENCIA TÉCNICA Y FINANCIERA DE HOSPITALES PÚBLICOS DE TERCER NIVEL DE ATENCIÓN A TRAVÉS DE UNIDADES DE VALOR RELATIVO 2010 – 2014

Shaikh A. Shahed **Hossain**, International Centre for Diarrhoeal Disease Research, Bangladesh, Abstract ID: 1697 Day: Thursday Screen #: 4

Health information challenges in ensuring patient-centred MNCH care in urban Bangladesh

Jackline **Kiarie**, Amref Health Africa, Abstract ID: 1237 Day: Thursday Screen #: 4

Innovation in health worker training programs in Africa; experiences in the implementation and scale of the Health Enablement and Learning Platform (HELP) mobile solution, Kenya.

Eric **Mafuta Musalu**, Ministère de la Santé Publique/Division provinciale du Kongo Central, Abstract ID: 329 Day: Thursday Screen #: 4

Evaluation des résultats de la mise en oeuvre de la Stratégie de Renforcement du Système de Santé en République Démocratique du Congo

Samantha **Ski**, The Uniformed Services University of the Health Sciences, Abstract ID: 2845 Day: Thursday Screen #: 4

Evidence and rationale for use of existing “big data” and methods to link household and health facility survey data within and across countries.

Siphiwe **Thwala**, University of the Witwatersrand, Abstract ID: 2863 Day: Thursday Screen #: 4

Innovating beyond traditional measurements- Health system preparedness for emergency obstetric care service delivery in a South African district

Susy **Sebayang**, Airlangga University, Banyuwangi Campus, Indonesia, Abstract ID: 993 Day: Thursday Screen #: 4

Health care providers’ perspectives on Indonesian national health insurance (Jaminan Kesehatan Nasional, JKN)

Peter **Drobac**, University of Global Health Equity, Abstract ID: 2866 Day: Thursday Screen #: 4

Cultivating leaders to strengthen health systems: A novel masters program at the University of Global Health Equity in Rwanda

Martina **Lembani**, University of the Western Cape, Abstract ID: 812 Day: Thursday Screen #: 4

Post Doctorate Research Fellowship as a Health Policy and Systems Research (HPSR) Capacity Development Intervention: Collaboration for Health Systems Analysis and Innovation (CHESAI) Project

Theme: New partnerships and collaborations for health system research and development

Tim **Crocker-Buque**, London School of Hygiene and Tropical Medicine, Abstract ID: 273 Day: Thursday Screen #: 5

Ten years of the International Finance Facility for Immunisation (IFFIm) – lessons from a qualitative study of IFFIm stakeholders.

Jean Claude **MUTABAZI**, Université de Montréal, Abstract ID: 3088 Day: Thursday Screen #: 5

Exploring health systems integration in South Africa: from integrating prevention of mother-to-child transmission of HIV, to prevention of type 2 diabetes after gestational diabetes

Jill **Olivier**, University of Cape Town, School of Public Health and Family Medicine, Abstract ID: 1803 Day: Thursday Screen #: 5

“Courage and Patience”: Learning about the Enablement of Health Systems Resilience from a Large Scale Intervention in Sofala, Mozambique

Charity **OMENKA**, University of Montreal, Abstract ID: 2675 Day: Thursday Screen #: 5

Integration of vertical programmes within health systems in sub-Saharan Africa: A Snapshot of three African countries- Cameroon, Nigeria and Rwanda.

Rekha **Rana**, Nepal Health Sector Support Program (NHSSP), Ministry of Health, Abstract ID: 793 Day: Thursday Screen #: 5

The role of One Stop Crisis Management Center in improving access to quality services and support to GBV survivors through multi-sectoral partnerships and collaborations

Cicely **Thomas**, Results for Development Institute, Abstract ID: 2857 Day: Thursday Screen #: 5

Engaging the Private Sector in PHC to Achieve UHC: Advice from Implementers to Implementers

Tracey-Lea **Labá**, The George Institute for Global Health, University of Sydney, Abstract ID: 1999 Day: Thursday Screen #: 5
Leveraging a new, multi-actor health system research partnership to improve access to cost-effective controller medicines for asthma

Elizabeth **Watson**, Leeds University, Abstract ID: 1466 Day: Thursday Screen #: 6
The role of social entrepreneurs in health systems strengthening: new partners in health systems research and development.

Douglas **Glandon**, John Hopkins Bloomberg School of Public Health, Abstract ID: 2882 Day: Thursday Screen #: 6
Tools and approaches for community engagement in implementation research: What works, for whom and for what purpose?

Michael **Hobbins**, SolidarMed, Abstract ID: 2989 Day: Thursday Screen #: 6
Bridging the gap between researchers and practitioners in health systems research and development - key determinants for a successful collaboration between Non-Governmental Organizations and Universities

Agnes **Kotoh**, University of Ghana, Abstract ID: 1401 Day: Thursday Screen #: 6
Engaging stakeholders to improve enrolment in Ghana's National Health Insurance: A multi-level case study

Tanya **Seshadri**, Vivekananda Girijana Kalyana Kendra, Abstract ID: 2584 Day: Thursday Screen #: 6
Implementation as if participation matters: Conducting participatory action research with indigenous communities in southern India for local action on maternal health

Jashodhara **Dasgupta**, SAHAYOG, Abstract ID: 2212 Day: Thursday Screen #: 6
Negotiating health system defensiveness and building ownership: experiences from selected districts of four Indian states

Julia **Moore**, St. Michael's Hospital, Abstract ID: 1079 Day: Thursday Screen #: 6
The GREAT Network: A global collaborative to advance knowledge translation science and practice through implementation of WHO's maternal health guidelines in low- and middle-income countries

Md Hafizur **Rahman**, Johns Hopkins University Bloomberg School of Public Health, Abstract ID: 2536 Day: Thursday Screen #: 6
Factors influencing drug prescription practices of formal and informal healthcare providers in Low and Middle Income Countries

Jeannie **Haggerty**, McGill University, Abstract ID: 3219 Day: Thursday Screen #: 6
Comparing the performance of the public, social security and private health sub-systems in Argentina by core dimensions of primary health care

Epouses to be presented on: Friday, November 18, 2016 12:00-13:30

Theme: Implementing improvement and innovation in health services and systems

Fran **Baum**, Flinders University, Abstract ID: 492 Day: Friday Screen #: 1
Australian Aboriginal community controlled health services: Implementation of a model of comprehensive primary health care and lessons for other communities

Sarah **Larkins**, College of Medicine and Dentistry, James Cook University, Abstract ID: 1276 Day: Friday Screen #: 1
Lessons from the best: scaling up quality improvement through learning from successful Aboriginal and Torres Strait Islander primary health care services.

Borwornsom **Leerapan**, Mahidol University, Abstract ID: 1200 Day: Friday Screen #: 1
Effectiveness of care delivery in the regional governance structure of Thailand's Universal Health Coverage: A social network analysis

Hayley **MacGregor**, Institute of Development Studies, Abstract ID: 2308 Day: Friday Screen #: 1
Scaling up systems for all chronic lifelong conditions: learning from stakeholder perspectives on innovations to address retention in care for HIV in South Africa

Dominic **Montagu**, University of California, San Francisco, Abstract ID: 2023 Day: Friday Screen #: 1
Improving the quality of family planning and abortion services in Kenya and India

Sabine **Renggli**, Swiss Tropical and Public Health Institute, Abstract ID: 1080 Day: Friday Screen #: 1

Strengthening Routine Supportive Supervision of Primary Healthcare in Tanzania through an Innovative Approach Using an Electronic Tool

Deepika **Saluja**, Indian Institute of Management Ahmedabad, Abstract ID: 2799 Day: Friday Screen #: 1

Accountability mechanisms in Public-Private Partnerships: Evidence from the RSBY enrolment process, India

Frédérique **Vallières**, Centre for Global Health, Trinity College Dublin, Abstract ID: 1783 Day: Friday Screen #: 1

Understanding Volunteer Community Health Worker (CHW) Motivation: A longitudinal cohort study of CHWs in Bonthe District, Sierra Leone.

Mirkuzie **Woldie**, London School of Hygiene and Tropical Medicine (LSHTM), Abstract ID: 1568 Day: Friday Screen #: 1

Community health volunteers as mediators of accessible, responsive and resilient community health systems: lessons from the Health Development Army in Ethiopia

Diane **Wu**, St. Michael's Hospital, University of Toronto, Abstract ID: 2415 Day: Friday Screen #: 1

Investing in Health Innovation in LMICs – An analysis of UK, USA, and Canada government programs from 2010-2015

Beibei **Yuan**, Peking University Health Science Center, Abstract ID: 2120 Day: Friday Screen #: 1

Does Design of Pay-For-Performance Matter? Comparison on the Effects of Different Pay-For-Performance Payments

JOHN **AWOONOR-WILLIAMS**, GHANA HEALTH SERVICE, Abstract ID: 142 Day: Friday Screen #: 2

The Application of Geographic Information Systems (GIS) to Improving Health Systems in the Upper East Region of Ghana

Minzhang **Cai**, Peking university, Abstract ID: 2186 Day: Friday Screen #: 2

IMPROVEMENT OF LONG TERM RISKS OF CARDIOVASCULAR EVENTS ASSOCIATED WITH COMMUNITY BASED DISEASE MANAGEMENT IN CHINESE PATIENTS OF THE XIN JIANG AUTONOMOUS REGION OF CHINA

Mahbub **Chowdhury**, International Centre for Diarrhoeal Disease Research, Bangladesh (icddr,b), Abstract ID: 2395 Day: Friday Screen #: 2

Top 10 priorities for strengthening of public sector health care service delivery system of Bangladesh: Perceptions of the relevant stakeholders

Allison **Daniel**, The Hospital for Sick Children, Toronto, Canada, Abstract ID: 349 Day: Friday Screen #: 2

The introduction of a comprehensive hospital-based intervention program for primary caregivers of children with severe acute malnutrition in Malawi

Colleen **Davison**, Queen's University, Abstract ID: 2769 Day: Friday Screen #: 2

Implementation of a Neonatal Hepatitis B Immunization Program in the Fragile-State Health System Context of Karenni State, Myanmar

John **Eyles**, Centre for Health Policy & Medical Research Council Health Policy Research Group, School of Public Health, Faculty of Health Sciences, University of the Witwatersrand, South Africa., Abstract ID: 1229 Day: Friday Screen #: 2

Implementation of District-based Clinical Specialist Teams in South Africa: Analysing new roles in a transforming system.

Sarah **Karanja**, Amref Health Africa in Kenya, Abstract ID: 3399 Day: Friday Screen #: 2

Factors Influencing Deliveries at Health Facilities among Rural Maasai Communities in Magadi Sub-County, Kenya

Pratap **Kumar**, Strathmore Business School, Abstract ID: 2122 Day: Friday Screen #: 2

The Guidelines Adherence in Slums Project (GASP): Innovative tools and approaches to improve quality of clinical care at the frontiers of healthcare delivery

Qian **Long**, Department of Reproductive Health and Research, World Health Organization, Abstract ID: 1132 Day: Friday Screen #: 2

Onsite midwife-led birth units (OMBU) for care around the time of childbirth: a systematic review

Muriel **Mac-Seing**, Université de Montréal, Abstract ID: 1517 Day: Friday Screen #: 2

Functional rehabilitation: A strategy for healthcare system strengthening

Christopher **Morgan**, Burnet Institute, Abstract ID: 2110 Day: Friday Screen #: 3

In a troubled period of system reform, a push system for medical supplies in Papua New Guinea increases availability, improves outcomes, and builds confidence.

Emmanuel **Nwabueze**, Management Sciences for Health, Abstract ID: 1904 Day: Friday Screen #: 3

Optimizing Clients' Retention and Quality of Care by "Triangulation of PLHIV's Data" Reduced Workload and Cost in Rural HIV-Clinics in North-Central Nigeria: Experiences and Challenges

Daniel **Ogbuabor**, University of Nigeria Enugu Campus, Abstract ID: 1685 Day: Friday Screen #: 3

Influence of organisational culture on implementation of free maternal and child healthcare programme in Nigeria: a case-based health system analysis.

Caetano **Pereira**, ISCISA, Abstract ID: 2869 Day: Friday Screen #: 3

Emergency obstetric and gynecological surgery by midwives in Mozambique: outcome of 7382 major surgeries.

Sriyanjit **Perera**, CTS Global Assigned to U.S. Government Centers for Disease Control and Prevention Tanzania, Abstract ID: 2872 Day: Friday Screen #: 3

Eliminating Parallel Reporting: Lessons Learned from Tanzanian HIV Data Systems

Angela **Pérez-Gómez**, Instituto de Evaluación Tecnológica en Salud, Abstract ID: 2301 Day: Friday Screen #: 3

Revisión sistemática: rutas de atención en salud un instrumento de implementación del modelo de atención en salud

Arash **Rashidian**, Director of Information, Evidence and Research Eastern Mediterranean Region, World Health Organization, Abstract ID: 901 Day: Friday Screen #: 3

Cost- Utility Analysis of Diabetic Retinopathy Tele-Screening in South of Tehran Province, Iran 2015

Apurva **Rastogi**, Public Health Foundation of India, Abstract ID: 1065 Day: Friday Screen #: 3

Better Governance & Organizational Architecture: Intrinsic factors for an effective healthcare purchasing in Kerala

Benjamin **Uzochukwu**, Health Policy Research Group, College of Medicine, University of Nigeria, Enugu campus, Abstract ID: 2833 Day: Friday Screen #: 3

Implementing the Basic Health Care Provision Fund in Nigeria: A framework for accountability and good governance

Maurice **Yé**, Centre de Recherche en Santé de Nouna, Burkina Faso, Abstract ID: 757 Day: Friday Screen #: 3

Contribution de la méthode des choix discrets pour déterminer les préférences du personnel de santé pour des postes d'emploi en milieu rural au Burkina Faso

Francis **Yeji**, Navrongo Health Research Centre, GHS, Abstract ID: 1326 Day: Friday Screen #: 4

Effective Bottom-up Monitoring and Supervision to Improve Maternal, Newborn, and Child Health Services in Ghana

Jamil **Zaman**, Save the Children Bangladesh, Abstract ID: 1661 Day: Friday Screen #: 4

Establishing an automated routine health information system to improve tracking of clients across the continuum of care

Dina **Balabanova**, London School of Hygiene & Tropical Medicine, Abstract ID: 3047 Day: Friday Screen #: 4

Patient-centred health systems appraisal for effective non-communicable disease control. An application to Colombia and Malaysia

Angela **Chang**, Harvard T.H. Chan School of Public Health, Abstract ID: 1093 Day: Friday Screen #: 4

Modeling approaches to capture health system performance: a systematic review of the literature

Choolwe **Jacobs**, University of Zambia, Abstract ID: 3055 Day: Friday Screen #: 4

Health for Poorest Population: Bridging equity gaps through community-based services and an equity-focused district health systems strengthening approach in Zambia

- Kimiyo Kikuchi**, Graduate School of Medicine, The University of Tokyo, Abstract ID: 1683 Day: Friday Screen #: 4
For A National Scale-Up of Ghana EMBRACE Intervention Package to Improve Maternal, Newborn, and Child Health: Effectiveness Evaluation Using RE-AIM Framework
- Elizabeth Lee**, The Uniformed Services University of the Health Sciences, Abstract ID: 2840 Day: Friday Screen #: 4
Quality of integrated antenatal and malaria service delivery: a novel approach to assessing effects on malaria intervention uptake during pregnancy and childhood in sub-Saharan Africa
- Alison Morgan**, Nossal Institute for Global Health, University of Melbourne, Abstract ID: 2100 Day: Friday Screen #: 4
How do we know if women are getting there in time? A novel mechanism for tracking timeliness of skilled birth attendance: Cervical Dilatation on Arrival
- ALOYSIUS MUTEBI**, MAKERERE UNIVERSITY SCHOOL OF PUBLIC HEALTH, Abstract ID: 853 Day: Friday Screen #: 4
Can community saving groups usher in community health insurance in rural areas? A case study of three districts in Eastern Uganda
- Sumiyo Okawa**, The University of Tokyo, Abstract ID: 482 Day: Friday Screen #: 4
Impact of the EMBRACE intervention package on better uptake of maternal newborn health services in Ghana
- Roseanne Schuster**, Cornell University, Abstract ID: 2396 Day: Friday Screen #: 5
Illuminating the "Black Box": How performance-based incentives affect health workers delivering prevention of vertical transmission of HIV in rural Mozambique
- Yufeng Sun**, Ningxia medical university, Abstract ID: 726 Day: Friday Screen #: 5
Study on the Relationship between Input and Output of Human Resources for Health in Rural areas of Western China
- Gail Tomblin Murphy**, WHO/PAHO Collaborating Centre on Health Workforce Planning & Research, Dalhousie University, Halifax, NS Canada, Abstract ID: 1343 Day: Friday Screen #: 5
Advancing health systems planning: Lessons learned from applying needs-based health workforce planning models
- Nimali Widanapathirana**, Ministry of Healthcare & Nutrition, Abstract ID: 3409 Day: Friday Screen #: 5
Perceived health status, its associations and the impact on primary healthcare utilization: findings from a healthcare seeking study in an urban setting in Sri Lanka
- Barbara Willey**, London School of Hygiene and Tropical Medicine, London, UK, Abstract ID: 856 Day: Friday Screen #: 5
Linking data sources for improved measurement of quality of care in maternal newborn and child health in low income countries: experience from Uganda
- Anton L.V. Avanceña**, University of California, San Francisco Global Health Group, Abstract ID: 517 Day: Friday Screen #: 5
Health systems development in Thailand 1975-2015: lessons for low- and middle-income countries
- Liyue He**, Peking University, Abstract ID: 2236 Day: Friday Screen #: 5
The impacts of the "fix out of pocket" policy for NCMS in rural Hainan of China
- Ramadhan Kirunda**, FHI 360 Uganda, Abstract ID: 2733 Day: Friday Screen #: 5
What works? A facility-based mentorship and coaching model for community health workers improves the quality of Community Based Family Planning services in Uganda
- David Mafigiri**, Makerere University, Abstract ID: 2222 Day: Friday Screen #: 5
Harnessing and sustaining non-traditional responsive community based health interventions in low resource settings in Uganda
- Lisa Puchalski Ritchie**, Li Ka Shing, Knowledge Institute, St. Michael's Hospital; Department of Medicine, University of Toronto; Department of Emergency Medicine, University Health Network, Abstract ID: 568 Day: Friday Screen #: 5
Challenges and opportunities to the development and utilization of context appropriate evidence based clinical algorithms in the Tikur Anbessa Emergency Department, Ethiopia.

Erika **Saliba**, Dept. of Public Health Sciences, Karolinska Institutet, Stockholm, Sweden, Abstract ID: 823 Day: Friday Screen #: 5
A SOCIOECOLOGICAL APPROACH TO UNDERSTANDING GENERAL PRACTITIONERS' BARRIERS AND FACILITATORS TO PRUDENT ANTIBIOTIC PRESCRIBING

Miho **Sato**, Nagasaki University, Abstract ID: 3243 Day: Friday Screen #: 5
Perspectives on health worker motivation in four rural districts of mainland Tanzania

Freddie **Ssengooba**, Makerere University School of Public Health, Abstract ID: 2781 Day: Friday Screen #: 5
RESULTS BASED FINANCING (RBF) SCALE-UP IN UGANDA: ALTERNATIVE EXPLANATIONS FOR THE INCREASING INTEREST IN RBF DELIBERATIONS IN UGANDA BETWEEN 2013 AND 2015.

Kyu Kyu **Than**, University of Melbourne, Australia: Burnet Institute, Myanmar : Burnet Institute, Australia, Abstract ID: 1170 Day: Friday Screen #: 6
Auxiliary Midwives in Myanmar: Resilient and responsible or collides with policy in saving lives of mothers in hard to reach areas of Myanmar

SU LATT **TUN MYINT**, Department of Medical Research, Abstract ID: 618 Day: Friday Screen #: 6
Addressing gaps in optimal and equitable access to primary health care: A focus on rural households from hard to reach areas in Myanmar

Ranjith **VG**, The International Union Against TB and Lung Disease (The Union), South East Asia Office, Abstract ID: 237 Day: Friday Screen #: 6
Challenges in Tuberculosis Prevention and Care: Perceptions of health care providers from four states of India.
